

FOREDOM[®] Work Bench System

Tools and rotary accessories not included.

Lessley Burke – Founder
Guilded Lynx Jewelry and
Metal Arts School and Studio,
Ridgefield, CT

Made of brushed stainless steel and anodized aluminum, the Foredom Work Bench System is built around a double motor hanger for suspending flexible shaft machines. Foredom also offers bench top mounted upright rods for users who don't need a motor hanger but want a great method to set up their work space.

Choose from six 12" long Component Arms that swing 180° horizontally to keep small tools and accessories in reach when you need them and out of the way when you don't!

NEW!

Shelf Arm

MAAH-S
Shelf Arm

Foredom's New Shelf Arm gives you additional work space when you need it and swings out of the way when you don't!

The MAAH-S Shelf Arm is 10 $\frac{1}{4}$ " long x 8 $\frac{3}{4}$ " wide x 1/4" thick (260mm x 220mm x 6mm) powder coated steel platform that retails for \$69. It mounts onto our Work Bench System Motor Hanger or alternate support rod. The sturdy arm swings 180 degrees horizontally for easy access to compact tools such as a micromotor, filter hood, wax carver, and more.

Combined here with the MAAM-S Support Rod, MALB-1 LED Light Bar and other components of Foredom's quality manufactured, modular system for organizing bench tools and accessories.

Items are sold ala carte – pick and choose according to your needs and make your own perfect work space!
